

Wisconsin's Model Academic Standards for Art & Design Survey

You are invited to submit your feedback to the "Notice of Intent" survey for the review of Wisconsin's Model Academic Standards for Art & Design Education (2000). The State Superintendent's Standards Review Council examines comments and recommends whether to revise those standards or continue with the existing standards. If a revision is needed, a state writing committee is formed to work on those standards. That draft is available to get feedback from the public, key stakeholders, educators, and the Legislature with further review by the State Superintendent's Standards Review Council. The State Superintendent then determines adoption of the standards. Additional details of this process are available online. Email your questions about this work to DPIArtStandards@dpi.wi.gov.

Wisconsin Standards for Dance Survey
